

## My First Poem

# Senses

This is a simple activity that takes hardly any time to set up.

Take a cloth or canvas bag, and fill with a variety of things that you can find around the setting – a toy car, spoon, an apple, a pebble, pine cones etc. Include items that offer tactile experiences such as satin and velvet ribbons, a feather, glass or smooth stones, small jars, small pom-poms or a shoe brush.

The children should be familiar with the items and be able to name each without much difficulty.

I'm here to lend a helping hand!

## Andy's Activity

Adult supervision required

## Things To Feel

### What to do:

- Ask a child to close their eyes, put their hand inside the bag, grab an object and guess what it is without looking.

### Ask them these questions:

- What is the favourite thing they felt in the bag? Why?
- Did they find it easy or hard to identify the objects just by touch?
- What items would be good to use in the game next time?

Please do not leave children unsupervised with this activity, as it requires adult supervision. Thank you to St Michael's Pre-School, Peterborough (OFTED Registration 256826) for allowing us to reproduce/adapt their senses activity.
